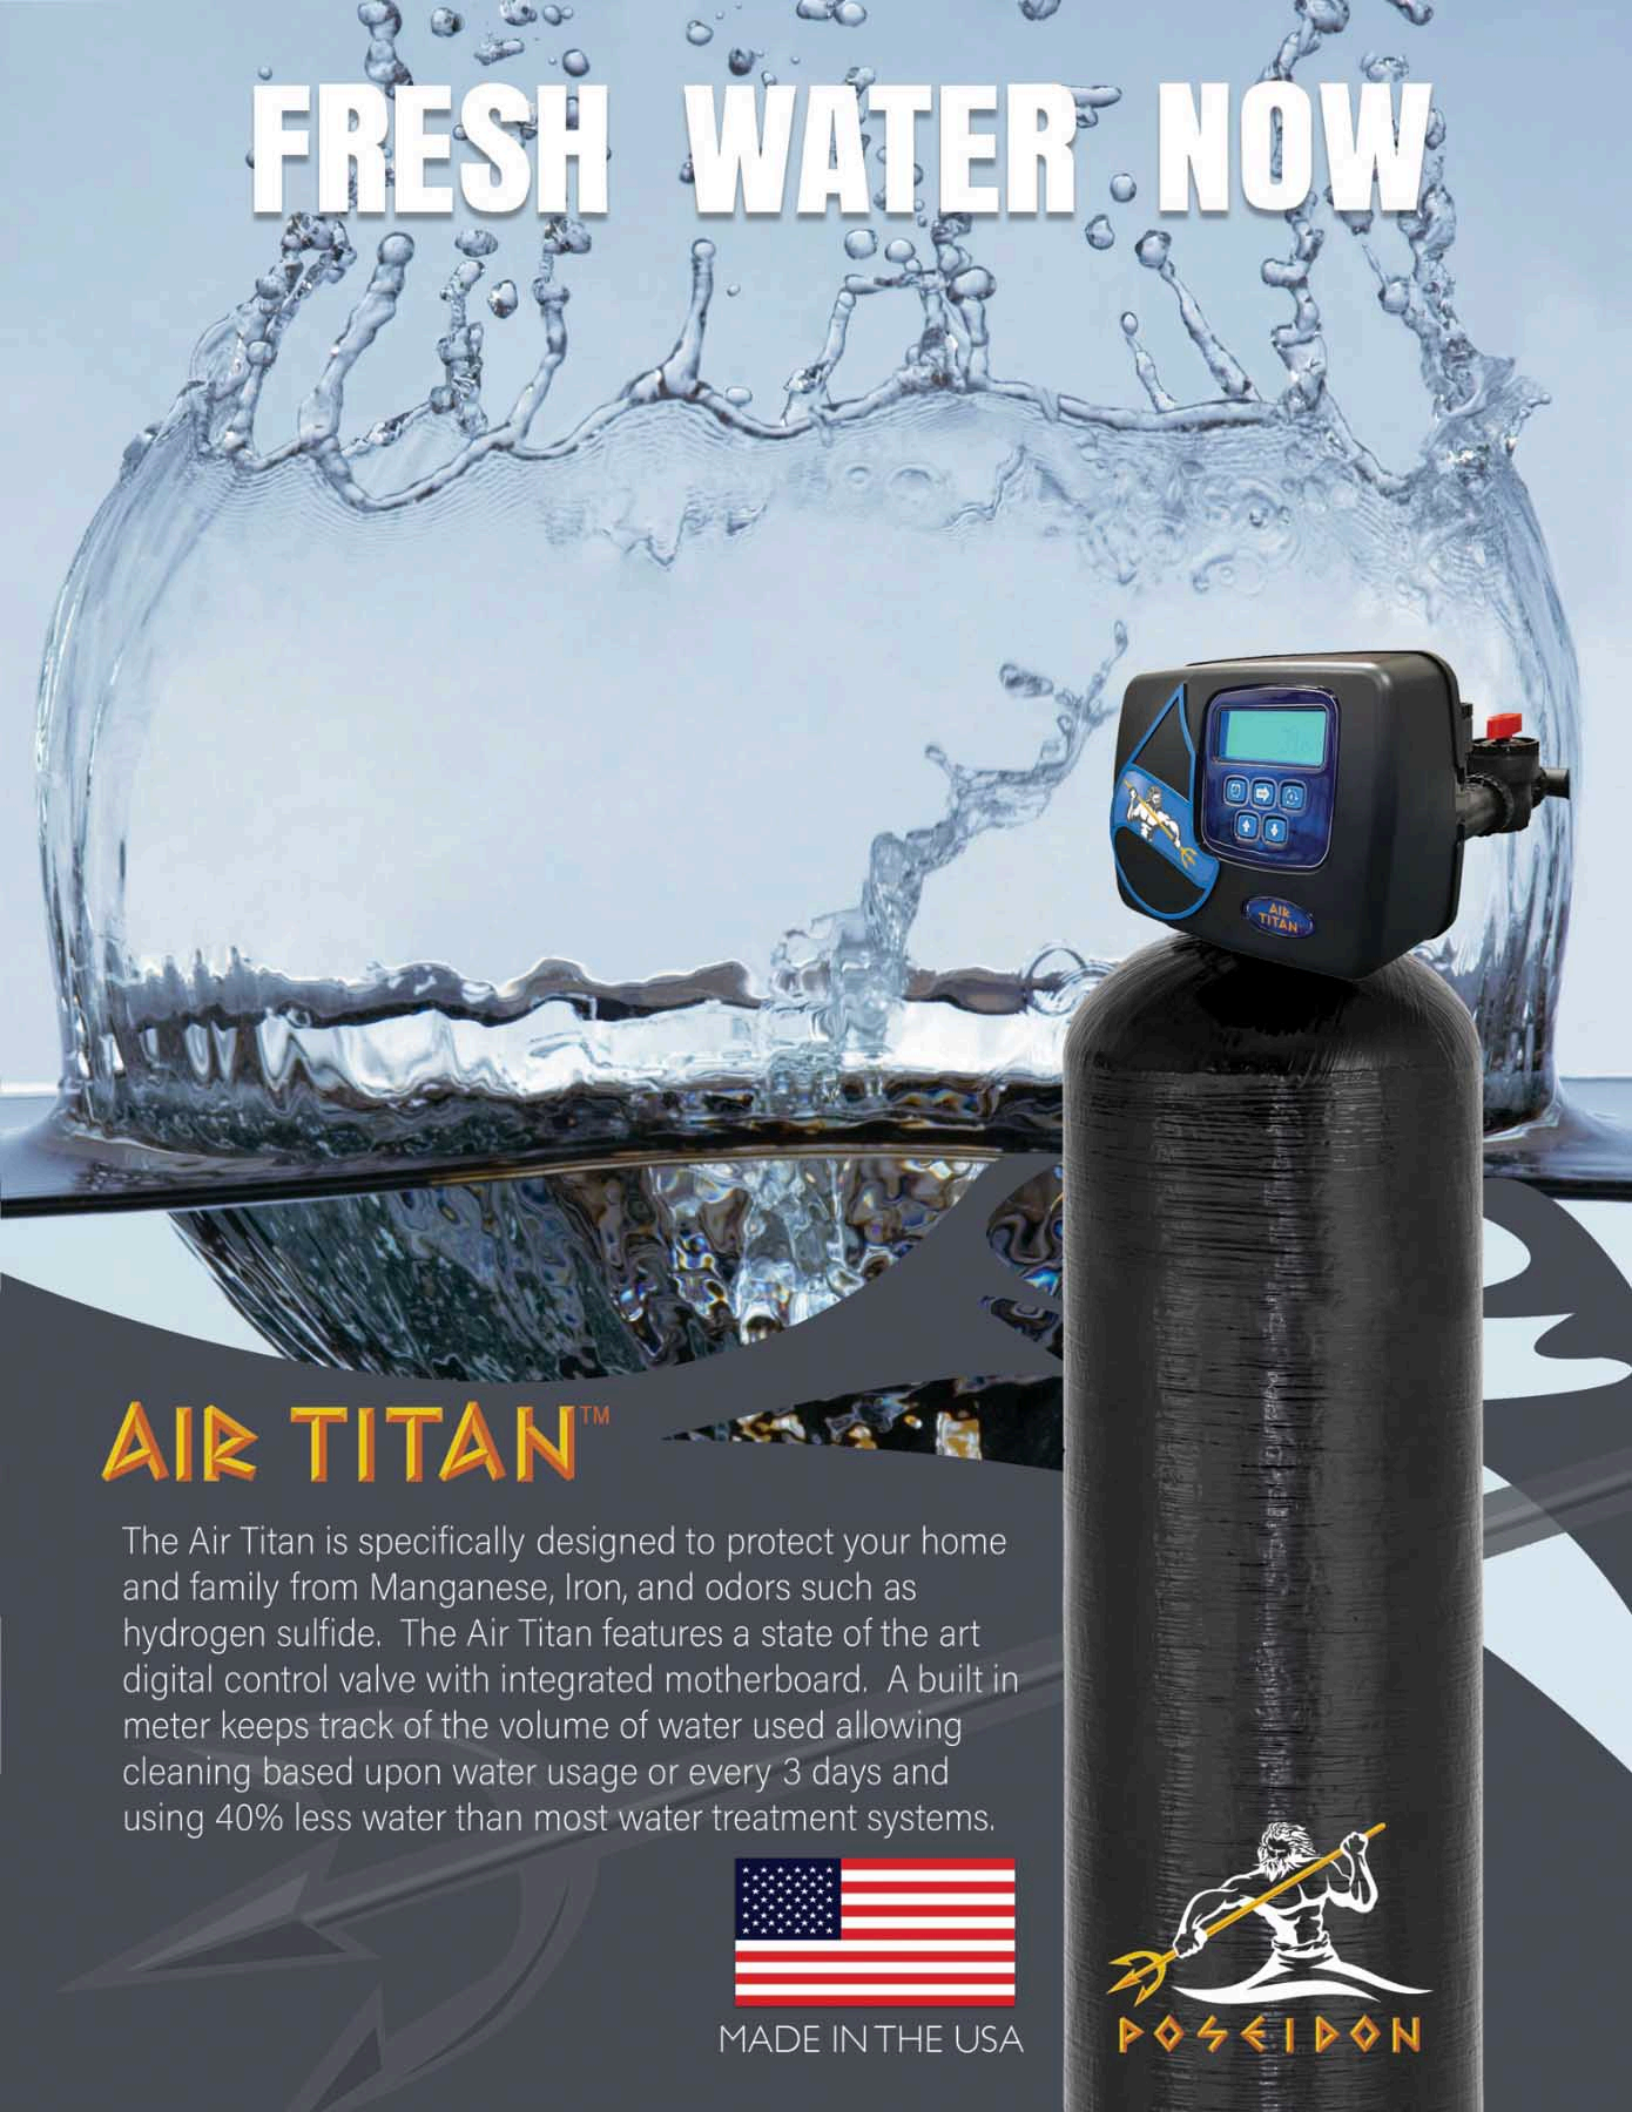
FRESH WATER NOW



AIR TITAN™

The Air Titan is specifically designed to protect your home and family from Manganese, Iron, and odors such as hydrogen sulfide. The Air Titan features a state of the art digital control valve with integrated motherboard. A built in meter keeps track of the volume of water used allowing cleaning based upon water usage or every 3 days and using 40% less water than most water treatment systems.

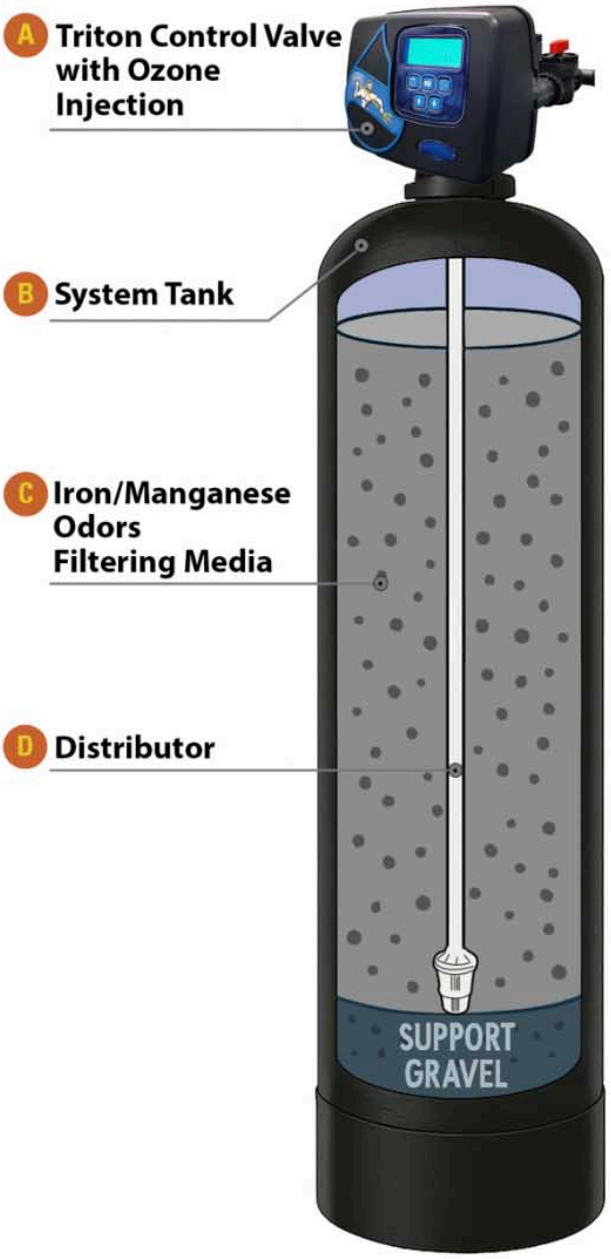
AIR TITAN™

MADE IN THE USA

ADVANCED ALL-IN-ONE SOLUTION FOR IRON, MANGANESE, AND HYDROGEN SULFIDE



The Filtration Components

- **A Triton Control Valve -** Fully automated control valve performs periodic backwash cycles, maintaining optimal system performance, frequency set for water quality and preference. Ozone injection provides strong oxidation and sanitation.
- **B System Tank -** Fiberglass/polyethylene tank engineered for lasting strength and dependable operation.
- **C Filtering Media -** Specialized media captures iron, manganese, hydrogen sulfide and metallic odors from water through a natural oxidation process. No chemicals or salt required.
- **D Distributor -** Circulates water evenly across the media bed during backwash cycle.
