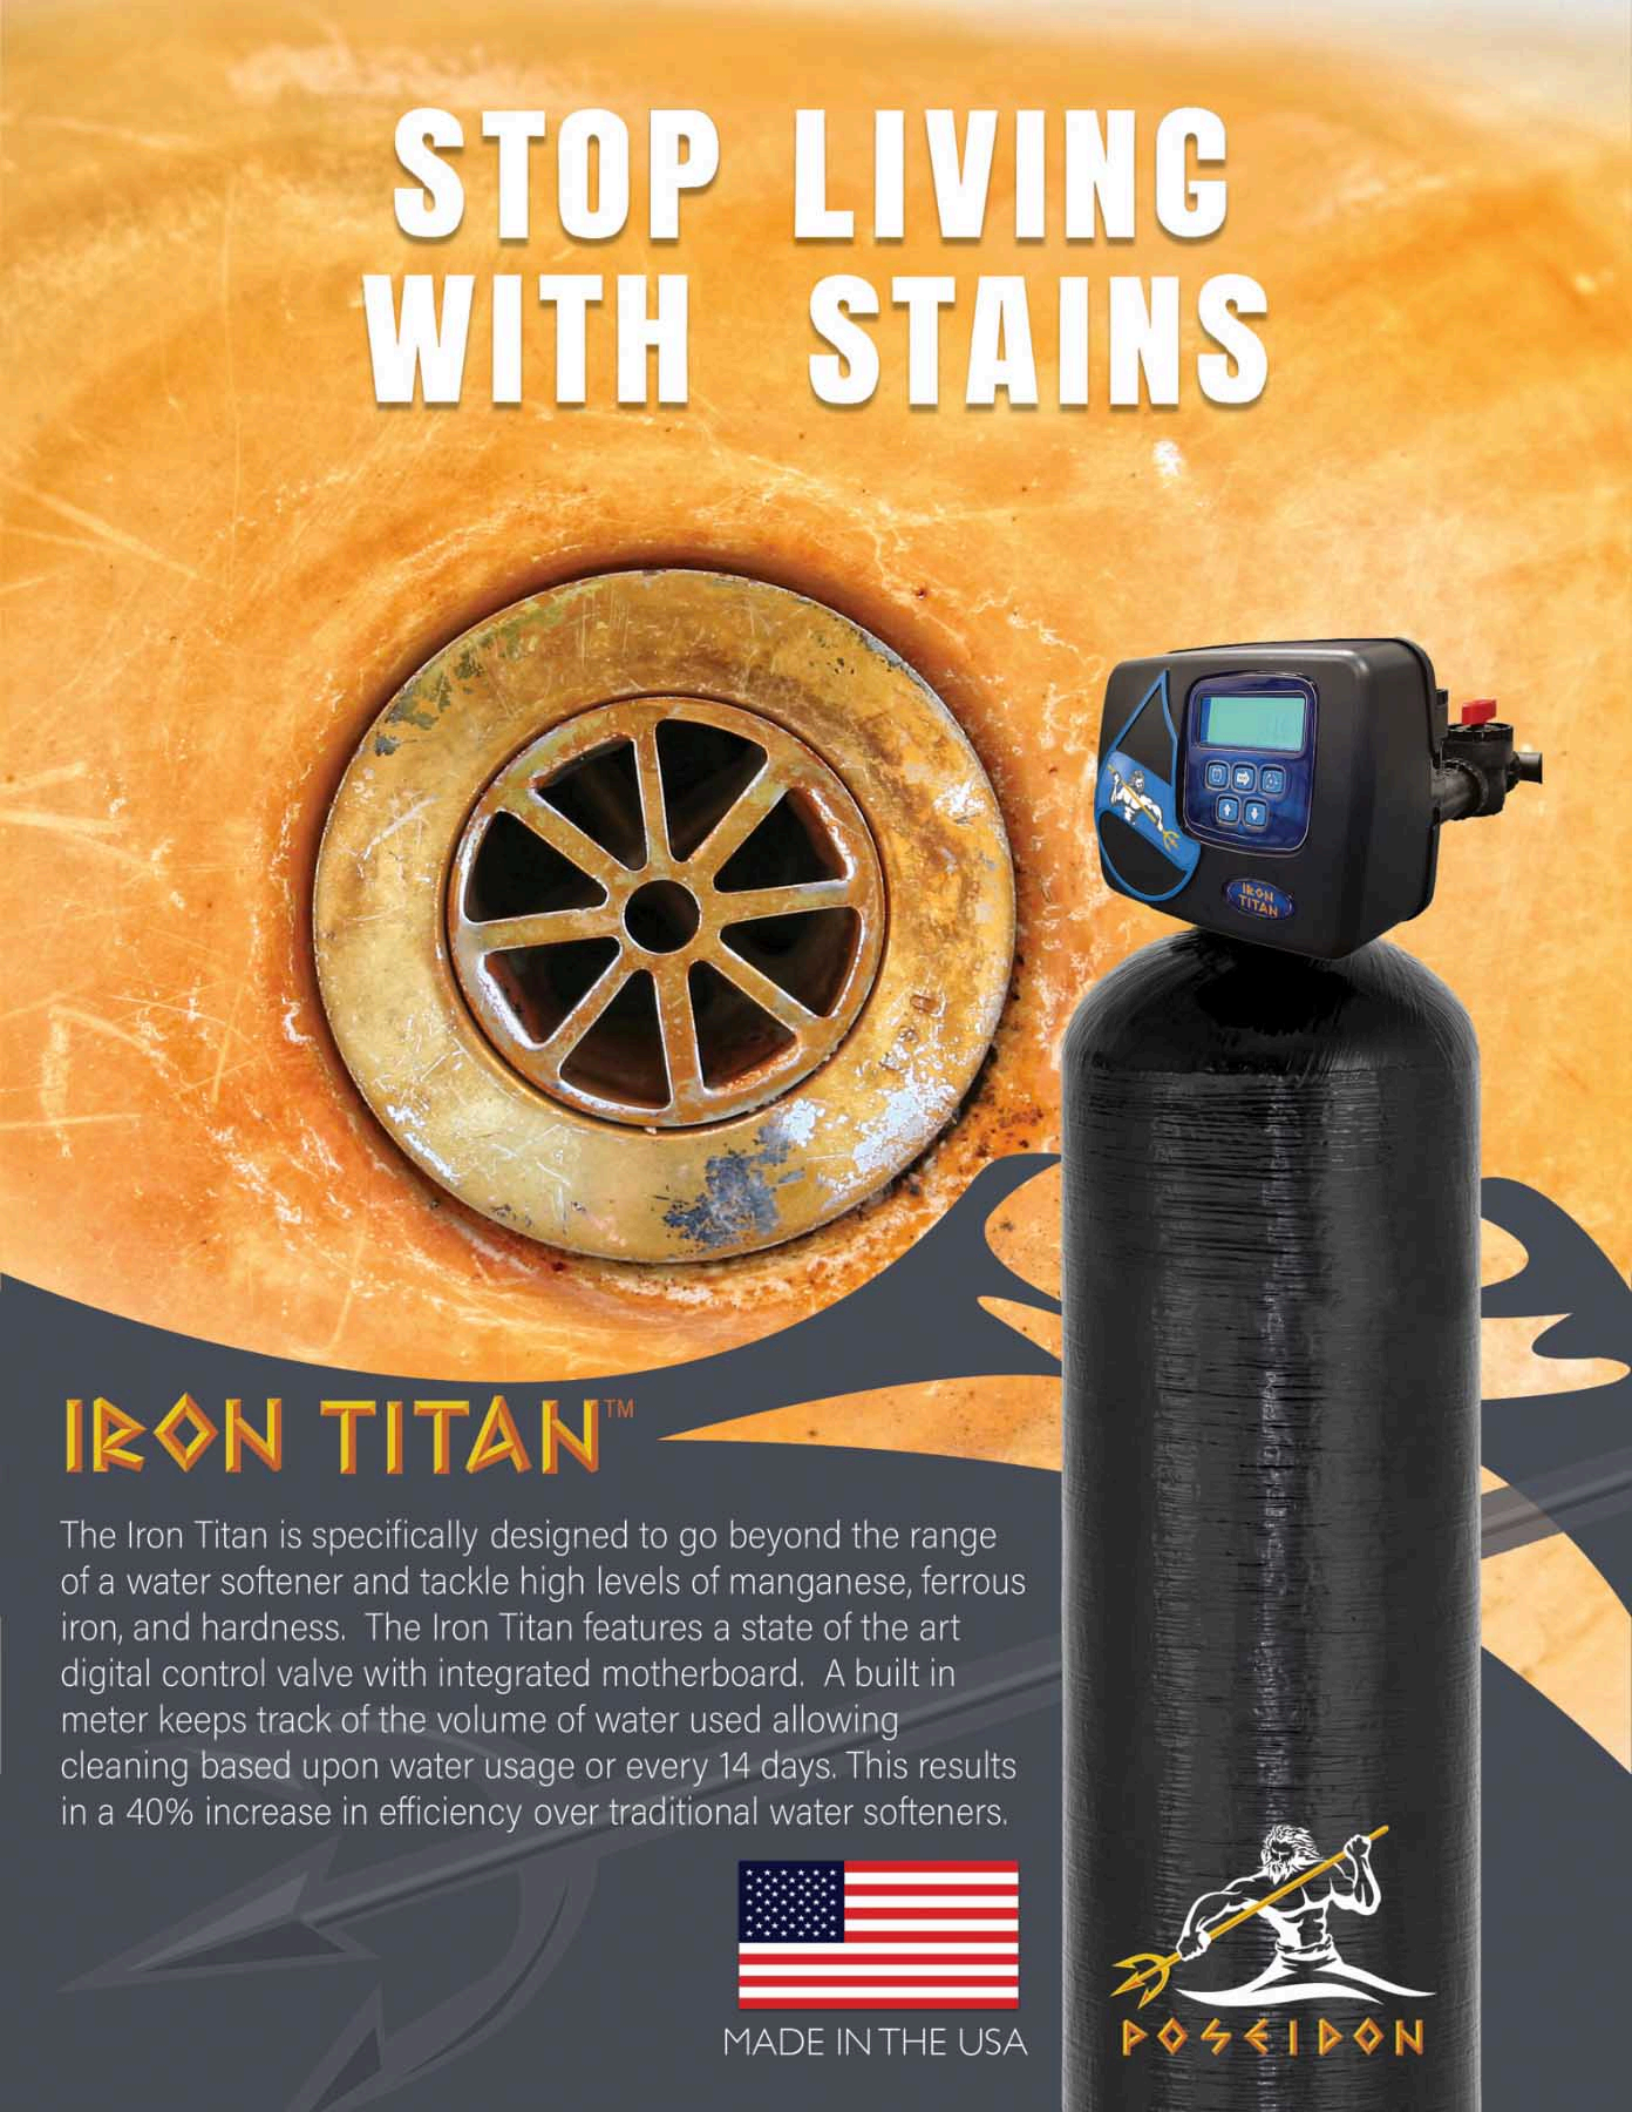
STOP LIVING WITH STAINS



IRON TITAN™

The Iron Titan is specifically designed to go beyond the range of a water softener and tackle high levels of manganese, ferrous iron, and hardness. The Iron Titan features a state of the art digital control valve with integrated motherboard. A built in meter keeps track of the volume of water used allowing cleaning based upon water usage or every 14 days. This results in a 40% increase in efficiency over traditional water softeners.

IRON TITAN™

MADE IN THE USA

A POWERFUL SOLUTION FOR IRON, MANGANESE, AND HARD WATER PROBLEMS

The Filtration Components

- **A Triton Control Valve -** Fully automated control valve performs periodic backwash cycles with set preferences specific to water at a time convenient for the customer.
- **B System Tank -** Fiberglass/polyethylene tank engineered for lasting strength and dependable operation.
- **C Removal Resin -** Ferrous iron, manganese, and hardness are trapped in the special media.
- **D Turbulator -** Circulates water evenly across the media bed during regeneration.
- **E Brine Tank -** Stores salt and brine solution for regeneration cycle.
