NITRATES NO MORE

NITRO TITAN™

The Nitro Titan is specifically designed to protect your home and family from nitrates while also softening the water and treating for manganese and ferrous iron. The Nitro Titan features a state of the art digital control valve with integrated motherboard. A built in meter keeps track of the volume of water you use allowing the system to clean itself based upon your water usage or every 14 days. This results in a 40% increase in efficiency over traditional water softeners.

NITRO TITAN™

MADE IN THE USA

NITRATES, FERROUS IRON, MANGANESE, AND HARD WATER ARE NO PROBLEM ANYMORE

The Filtration Components

- **A Triton Control Valve -** Fully automated control valve performs periodic backwash cycles with set preferences specific to water at a time convenient for customer.
- **B System Tank -** Fiberglass/polyethylene tank engineered for lasting strength and dependable operation.
- **C Nitrate Resin -** Media that bonds to and removes nitrates and nitrites.
- **D Mid-plate -** Separates media types.
- **E Softening Resin -** Ferrous iron, manganese, and hardness are trapped in the softening media.
- **F Distributor Tube -** Circulates water evenly across the media bed during regeneration.
- **G Brine Tank -** Stores salt/brine solution for regeneration cycle.
