ROTTEN EGG SMELL?

SULFUR TITAN™

The Sulfur Titan is specifically designed to protect your home from the unpleasant rotten egg smell caused by hydrogen sulfide. The Sulfur Titan features a state of the art digital control valve with integrated motherboard. A built in meter keeps track of the volume of water used allowing cleaning based upon water usage or every 3 days and using 40% less water than most water treatment systems.

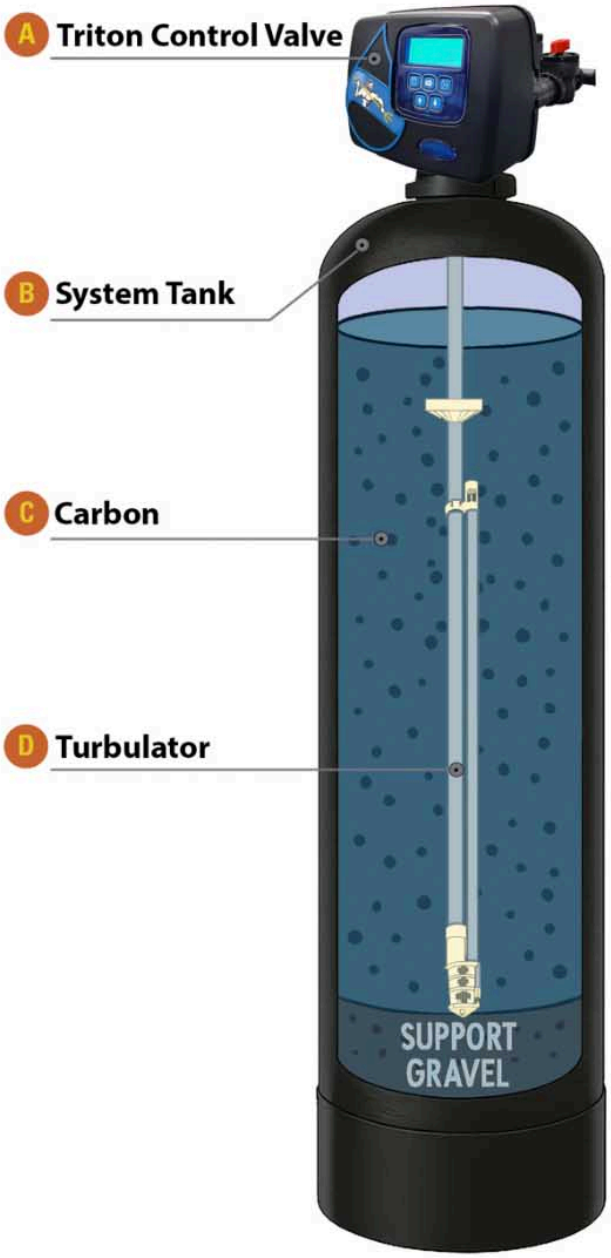
SULFUR TITAN™

MADE IN THE USA

A POWERFUL SOLUTION FOR THAT ROTTEN EGG SMELLING HYDROGEN SULFIDE



The Filtration Components

- **A Triton Control Valve -** Fully automated control valve performs periodic backwash cycles with set preferences specific to water at a time convenient for the customer.
- **B System Tank -** Fiberglass/polyethylene tank engineered for lasting strength and dependable operation.
- **C Carbon -** Special media captures hydrogen sulfide from the water through a natural oxidation process. No chemicals or salt required.
- **D Turbulator -** Water is flushed back through the turbulator tube to lift and break up the media.
